Our course will be held in Tokyo from June 14th to 16th, 2018. This course consists of live surgery and lecture. Several endoscopic surgeries for rhinosinusitis, septal deformity, mucocele and sinonasal benign tumor will be performed. Contents of lectures range from the “concept & basic technique of Jikei’s ESS” to “advanced ESS for orbital and skull base diseases”. Scientifically and also from the standpoint of friendship between you and us. We really hope to exchange discussions expansive for the future of Rhinology. We look forward to seeing you in Tokyo!!
Learning Objectives

Recognize the radiologic anatomy and how to superimpose the CT image onto the endoscopic findings
Describe new technique for the sinus diseases
Describe management how to avoid complications

Live Surgery

almost 3-4 cases/day
Endoscopic septoplasty
Endoscopic sinus surgery
Endoscopic modified medial matxillectomy(EMMM)
Dr. type 2b, type3 (EMLP) with image guidance

Registration

Please fill out the registration form and send to rhinology@jikei.ac.jp (until 1st June)

registration form can be downloaded from below.

Tuition must be paid by cash on 1st day
Physicians $200
Physicians in training $100 (need a letter)
